

AUGUST 2019

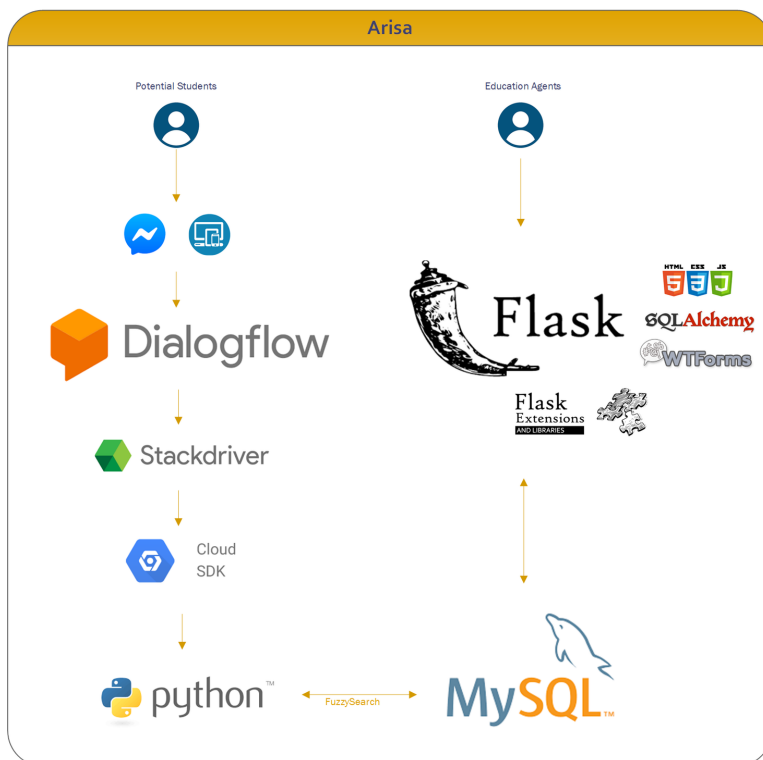

# THE HEXAGON

## Code.Sydney's Monthly Newsletter

### Arisa to Go Live soon!

In partnership with Calo Services Pty Ltd, an education agency based in the city, we developed a lead generation software for potential international students coming to Australia. The project is called Arisa which is named after one of the project members. The secret sauce of this project is the amount of data we gathered which we think will be highly valuable for those who intend to come here to study. Below is a quick overview of the process flow. Please zoom to view.

### PROJECTS:

- Arisa (Ongoing)
- DCCAJS Web (Awaiting Client)
- Free Strata (Ongoing)
- Meetup Organiser App (On hold)
- Opend (Ongoing)

### JOINT LEARNING:

- Opend Sessions (Ongoing)
- Free Code Camp Workshops (Ongoing)
- Rapid Web Development Course (On hold)
- React Course (To do)

Feel free to reach out if you are interested to join any of the activities above.
