- 2 Awards

Gabriel Djan, Our Newest Mentor

Gabriel started her design career in a fire safety company as Information Designer, in charge of emergency evacuation diagram design and production for clients like Only About Children, AMF Bowling Group, MECCA to name a few. She then left the Information Designer role for UX UI designer role to work for a company specialising in applications software design, programming, system configuration, engineering, installation, commissioning of Building Automation, Management Systems & Access Control Systems. She designed user interfaces, user experience, and data analytics for real live data IoT and SaaS applications for clients like Citigroup, Bennelong, Crown Group, WeWork, Sans Clinic, and Dematic. Her unique combination of experiences complementing the UX UI Designer role includes a Computer Science (Bachelor Degree - Distinction) degree, digital design, and digital photography. She is a Tridium Niagara 4 Technical Certification Program (TCP) trained. In her free time, she likes exploring investment vehicles/products.
